**Quick Guide**

**Tool: Library Catalog**
- Find a book related to your ghost.
- Enter the name of your ghost into the search box and hit Go!
- More: Find an article or a link to Google Books and search inside the book.

**Tool: Reference Database**
- Find a reference entry about your ghost.
- Choose Gale Virtual Reference Library from the list and search for your ghost.

**Tool: Article Database**
- Find an article about your ghost.
- Open it and search for your ghost.

**Tools in the Library**
- Use the Library Catalog to find books and e-books on your topic.
- Can’t find what you need? Click on the Worldcat box to search libraries worldwide!
- Use reference databases to find background information and facts about important dates, events, and people.
- STL offers free photocopying from reference books in the library!
- Use article databases to find specific, in-depth information on your topic in scholarly journals, newspapers, and trade magazines.
- Brainstorm different terms to use in your search.
